REACH Declaration for Substances of Very High Concern

Reference SL Power Model Number: SLE60SPD Series

Customer PN:

On behalf of SL Power Electronics Corp., I hereby declare that the above referenced model/part number / model family including all packaging materials meets all requirements for the REACH Regulation (EC) 1907/2006 and Directive 2017/1000/EC first released as a declaration European Parliament and of the Council of 18 December 2006 and periodically updated to its current form. This document also declares compliance to include the REACH Directive Annex XVII and the 8th July 2021 update that contains 219 substances.

This declaration is valid for all current items in the list of Substances of Very High Concern and will remain in effect as the list is expanded to cover new substances. If any new substances are added to the list in the future that are found to affect this declaration or any of our supply chain determines that they no longer comply, SL Power will immediately take actions to assure continued compliance.

If a detailed breakdown of the analysis on which this declaration is made, you may contact me directly.

A handwritten signature in blue ink that reads 'Roger McCarthy'.
