

TEGAM, Inc. Approved for A2LA Accreditation

A2LA Accreditation Certificate TEGAM, Inc. is pleased to announce that the American Association for Laboratory Accreditation (A2LA) has accredited TEGAM, Inc. in the Calibration field for the calibrations identified in our Scope of Accreditation as specified on our Certificate Number 2018.01. A2LA has accredited TEGAM, Inc. for technical competence in the field of Calibration. This accreditation covers the specific calibrations listed on the agreed scope of accreditation, Certificate Number 2018.01.

TEGAM, Inc. meets the requirements of ISO/IEC 17025 “General Requirements for the Competence of Testing and Calibration Laboratories”. TEGAM, Inc. also meets the requirements of ANSI/NCSL Z540 – 1 – 1994 and any additional program requirements in the field of calibrations.

TEGAM, Inc. has always striven toward providing our customers with the highest possible level of Quality, Service and Reliability. Our accreditation by the American Association for Laboratory Accreditation is representative of these efforts and is yet another visible step for our customers to see in this continual quality improvement process. TEGAM, Inc. has always sought a method that would accurately reflect our commitment in the achievement and maintenance of a Quality System that is periodically assessed by our technically competent peers, offering demonstrable evidence of continual compliance and is nationally recognized.

Accreditation by the American Association for Laboratory Accreditation has provided this opportunity to not only TEGAM, Inc. but also other Calibration laboratories across the nation.

TEGAM, Inc. is now able to provide “A2LA Accredited” calibrations within our Scope of Accreditation as described in our Certificate Number 2018.01 that many of our good customers have been seeking. We look forward to serving you now and in the future.
